MORE ABOUT THE PROJECT

- Problem - youth unemployment, lack of work experience, and uncertainty
- 4 trainings and 3 months of internship
- Cooperation with the city council and NGOs
- + 3 new volunteers in the youth center

MENTORING PROGRAM

youth workers - mentors for young people in the community

HOW DO WE WORK?

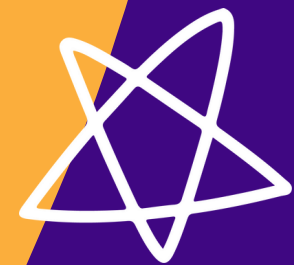

The team supports and helps young people to realize their ideas.

1. Volunteers from the youth center started a “girls' space” club and a debate club.
2. Young people from the community implemented more than six of their projects.
3. Young people organize creative evenings where others can share their creativity.

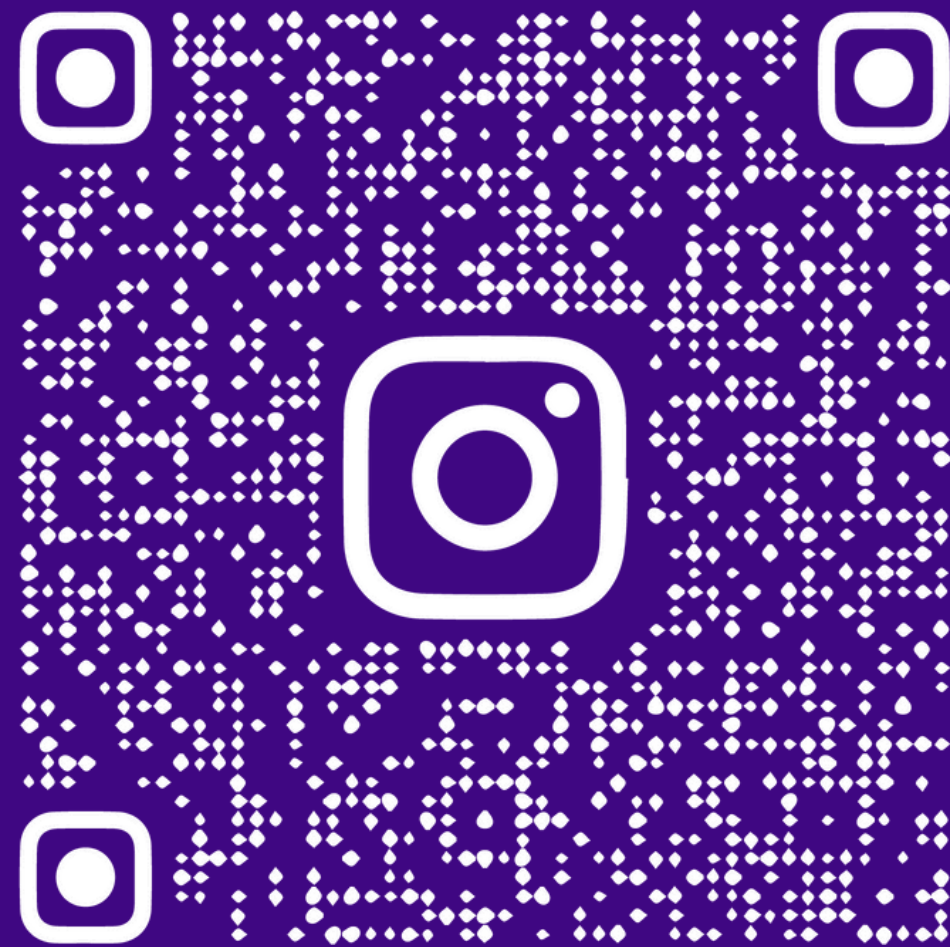

The most important things:

- **respond to needs and requests**
- **accept young people as they are**
- **work not just for the sake of it**
