EU4 YOUTH DAYS
2025

#EU4Youth

EU4Youth Alumni Network

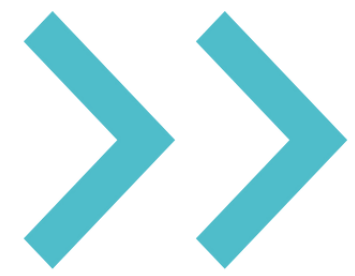

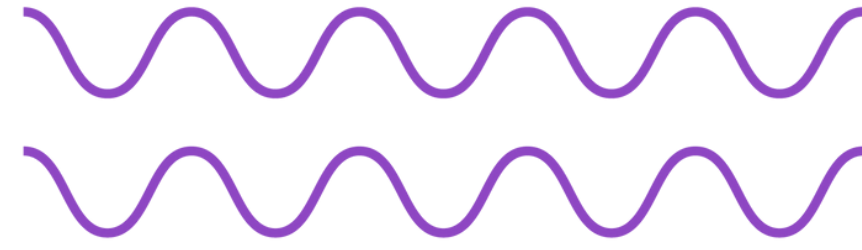

AIM

To sustain the enthusiasm and voluntary spirit generated during participation in EU programmes, and enable alumni to support disadvantaged youth in their communities

Countries

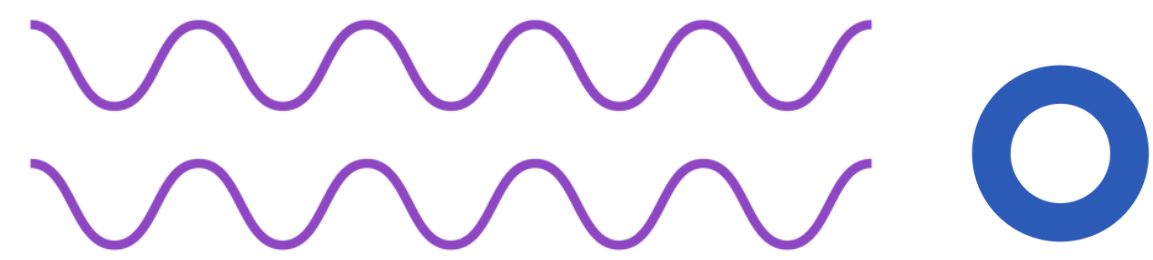

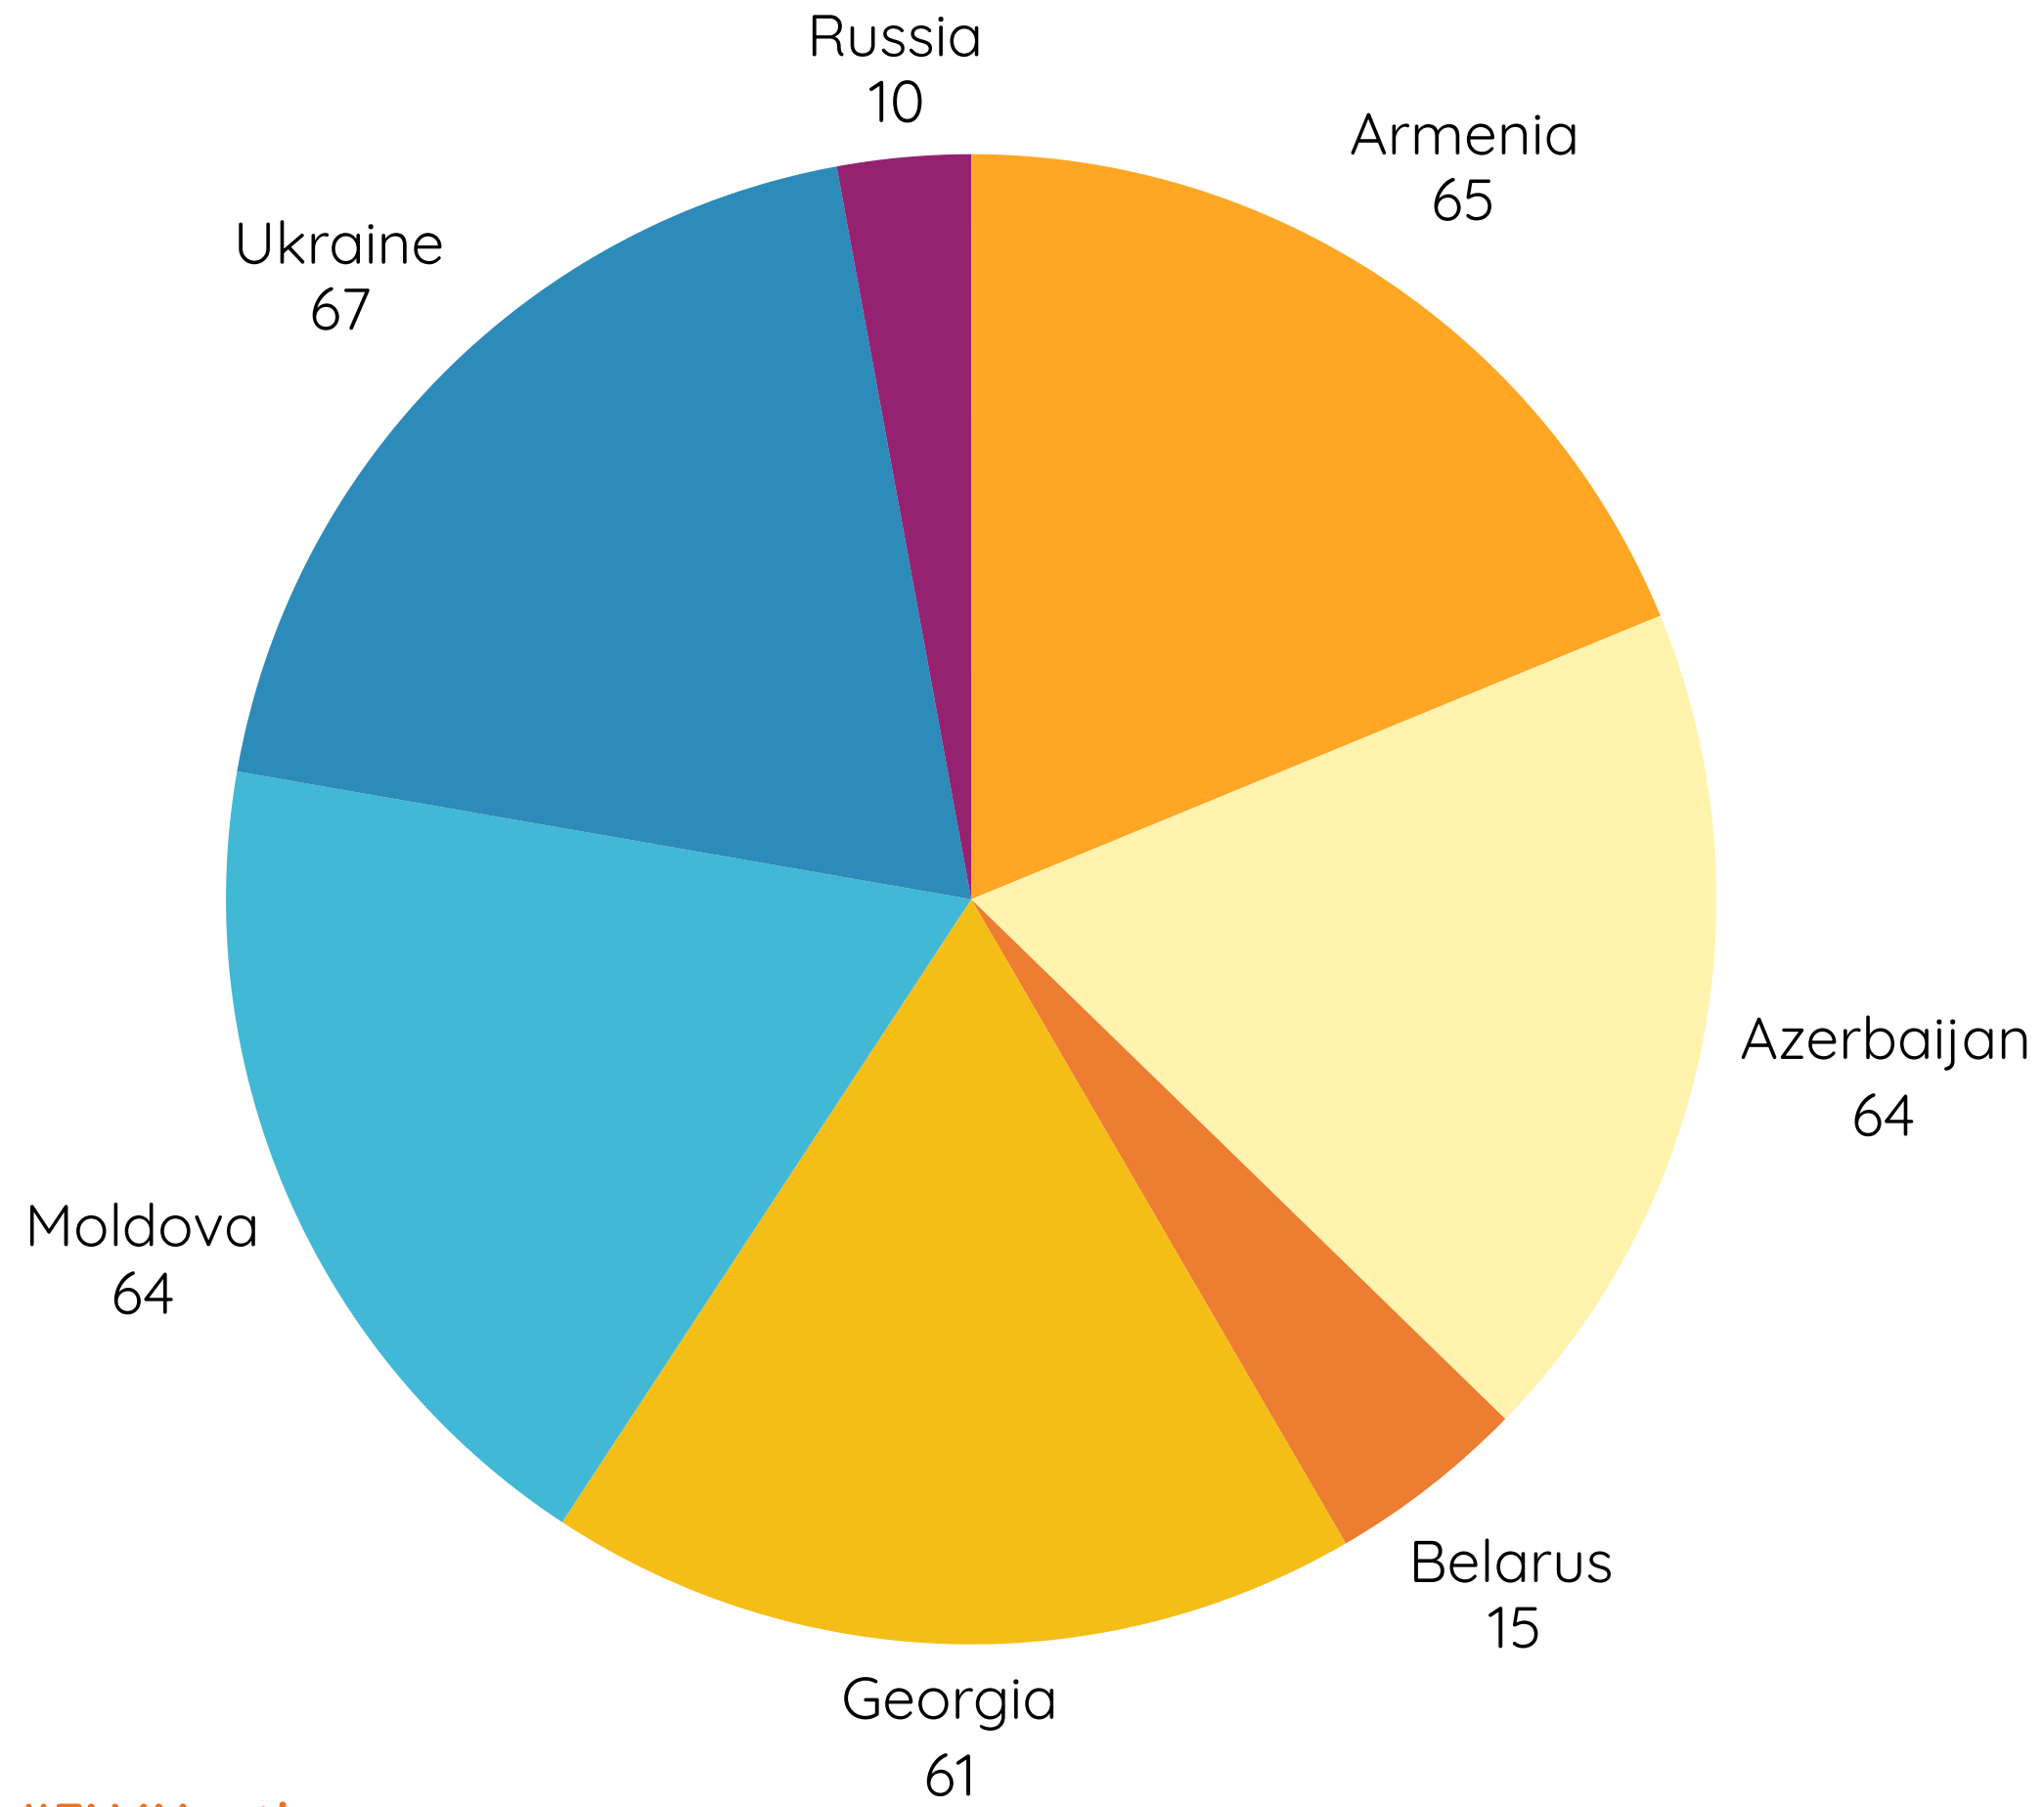

Armenia, Azerbaijan, Georgia,
Moldova, Ukraine
Belarus (in the first and third cycles)
Russia (in the first cycle)

Some Statistics

#EU4Youth

Funded by the European Union

- 346 Alumni
- 199 Initiatives
- 2234 Activities
- 4486 Beneficiaries

How it works?

Through the 10-month programme, the Alumni work with a Mentor to create and implement their own initiatives on the ground, gaining new tools, skills and experience in working with young people. They also learn from each other: talented, outspoken and active young leaders from across the Eastern Partnership region.

What we do?

Our mission is to support and empower marginalised youth on a voluntary bases—especially those living in rural, displaced, or socially disadvantaged communities — by sharing our experience and developing their skills for active participation in society.

- **Design and implement community-based projects** that focus on youth empowerment, civic education, and inclusion.
- **Deliver workshops and trainings** on leadership, communication, teamwork, and environmental awareness using non-formal education methods.
- **Mentor and guide young people** to help them identify their strengths, build confidence, and engage in local decision-making.
- **Promote EU values and opportunities**, helping rural and displaced youth connect with European programmes like Erasmus+ and the European Solidarity Corps.
- **Collaborate with local stakeholders** (schools, municipalities, NGOs) to ensure sustainable impact and visibility of youth initiatives.

OUR Initiatives

Hrazdan Stitches,
where 13 enthusiastic teenagers from disadvantaged families are improving their handicraft skills to start their own social businesses

Empower Youth,
engaging as active citizens and strengthening the voice of those who are not yet involved in civil society organisations and decision-making process

Library in Action "eGame",
which helps young people to realise their ideas through mentoring from their peers who already work with their communities

New Life-New Opportunities,
to provide local youth the confidence they need to make changes in their own lives

Idea.Initiative.Implication,
offering young people from vulnerable groups a much-needed space for support and creativity

Dream Catchers' Initiative,
which brings together Armenian and Yazidi youth to promote intercultural communication and active citizenship

YouTH4Youth,
where experienced young people offer their younger peers training opportunities to gain new knowledge

Youth Capacity Building: Know-How,
empowering youngsters in Alaverdi through an alternative educational programme covering professional orientation

Way for the Change for Adolescents,
with professional therapeutic workshops to support adolescents in a child assistance centre

More Europe, More Opportunities,
helping young people to develop soft skills by jointly organising a campaign about healthy lifestyle

Salyan Youth in Action,
with around 20 youngsters in one of the rural regions of Azerbaijan, engaging in non-formal education for better career opportunities

Girls Leadership Academy 2.0,
developing the leadership potential and skills of girls 14- to-16-years-old from rural areas and small towns of Ukraine

Youth Impact,
for participants to make new friends, interact with interesting people and discover new opportunities

Young Leaders for Community Development,
empowering young people to become changemakers and learn how to organise large scale events with hundreds of participants

The Youth Matters Initiative,
helping disadvantaged young people from rural areas to overcome obstacles and get involved in international projects

Thank you!
